Dear Gerard:

Attached for your information are some materials that may be of use to you in dealing with the EPA risk assessment issue:

(1) a memorandum from John Rupp to Farrell Delman, the president of the US Tobacco Merchants Association, describing the April 19, 1991 SAB Executive Committee Meeting;

(2) a set of "talking points" on the SAB process;

(3) a background paper on the December 4 - 5, 1990 SAB meeting. The last two documents were developed for the US Tobacco Institute.

Please give me a call if you have any questions about the risk assessment review process.

With best regards,

Sincerely,

Michael T. Buckley
